SCREENING SAMPLE TAKERS AND
COLPOSCOPY SERVICES**

June 2020

Dear Colleague

Cervical Screening Samples –Change to Collections

Further to our communication sent in May, recommending collections of cervical screening samples for HPV testing from Thursday 28th May 2020. I am now pleased to advise that collections will now be collected from your practice **daily** Monday to Friday with immediate effect.

Could we take this opportunity to remind you that to minimise the risk of errors we need sample takers to only use **the non-editable** version of the HMR101 request form on Open Exeter.

Recent weeks have seen an unprecedented level of change and we appreciate that the change in service has resulted in concerns for patients. Your ongoing support and co-operation is appreciated.

If you do have any queries regarding the arrangements of the service please contact the laboratory via rw-h-tr.Cytology@nhs.net

Yours Sincerely

Michelle Harris
