

Dr Omar Usmani is Reader and Consultant Physician in Respiratory Medicine at the National Heart & Lung Institute (NHLI), Imperial College London & Royal Brompton Hospital. He qualified in Medicine at King's College London and completed his PhD at Imperial College London, for which he received the 2005 NHLI Imperial College PhD Prize for the best thesis. Omar's previous research themes are Inhaled Drug Delivery, Airways Physiology, Lung Imaging, Respiratory Pharmacology and Tele-monitoring / E-health.

In 2019, he was awarded the Fellowship of The European Respiratory Society (FERS).

He is currently Co-investigator and Lead Clinical PI, on an EU HORIZON 2020 grant, investigating the role of Tele-monitoring and E-health in asthma self-management, as well as Secretary [and Head-elect] of Assembly 5 (Airway Diseases, Asthma and COPD) at the ERS, Vice President of Scientific Outputs of REG (Respiratory Effectiveness Group), Chair of UKIG (UK Inhaler Group), Vice-Chair of Drug Delivery to the Lungs (DDL), and former Europe Liaison Officer of the International Society of Aerosols in Research (ISAM). In 2015, Omar received one of the highest accolades in aerosol science, the Thomas T Mercer Award from the American Association of Aerosol Research (AAAR) and ISAM, recognising his international research excellence in pharmaceutical aerosols and inhalable materials.

# Virtual Meeting Invitation

## The Importance of Small Airways in Managing Patients with COPD and Asthma

Thursday 5th November 2020
